ABOUT THE ANNUAL CONVENTION

The Society is going to organize the 11th Annual Convention and National Seminar during 23-24 February, 2024 at Farmers' Academy and Convention Centre (FACC), Lake Hall, BCKV, Kalyani, West Bengal. After a gap of four years, this is going to be exclusively a physical event to ensure more engaging sessions. We are expecting some eminent scientific minds to deliver the Dr HS Sen Foundation lecture and Dr NP Datta Memorial Lecture during the Convention.

Besides, we will have lead invited speakers to enlighten us on recent happenings in the four chosen themes of our National Seminar encompassing Fertiliser, NRM, Agro-chemicals and Successful Extension efforts (please refer the relevant box for details in page 3). Apart from that we'll have two Panel Discussions which are to be garced by eminent researchers and industry people on two contemplative themes (Please refer to Page 3 for details).

The young researchers and faculties are also encouraged to submit papers to participate in competitive events around each of the four theme areas; where both oral and poster presentations would take place.

CALL FOR PAPER

Abstract of original research work not exceeding 500 words (MS word, strictly in Times New Roman 12 font 1.5 line spacing) including figures should reach by email (sfeannualconvention@gmail.com) latest by **JANUARY 31, 2024.**

REGISTRATION FEES

Rs. 1000/- for students and research scholars & Rs. 2000/- for others.

(Participant may transfer their registration fee through online payment to the Society's Bank Account mentioned underneath with an intimation to the belowmentioned e-mail, else they can submit the same physically on the inaugural day of the Seminar.)
